To whom it may concern,

Upon the request of Mr. Simon Lok, dated July 25, 2015, GER to GER Agency and Foundation have carried out an independent monitor and evaluation investigation per the request of Mr. Simon Lok; all associated parties have been provided "equal opportunity" to submit, in written form, testimonies in associated with this matter concerning Mr. Simon Lok, including Mr. Simon Lok.

Brief Administrative Timeline Concerning Mr. Lok's Complant

- 1. July 25, 2015 GER to GER received an official complaint letter from Mr. Simon Lok no prior communications of complaints were received before July 25, 2015.
- 2. Upon receiving the complaint letter from Simon Lok, Mr. Lok was informed several times that GER to GER Agency will contact him upon completion of the monitor and evaluation investigation works. Note: Simon Lok did not accept this and pursued to make numerous threats towards GER to GER staff members in person and online via emails in order to push GER to GER Agency into a rushed investigation to unethically produce incomplete results which could be interpreted as defrauding associated parties concerning the trip's services.
- 3. On August 4th and 5th, interview reports from Bayan Olgii were sent to GER to GER Agency to which after a few days of internal fact finding and contemplation, GER to GER has produced this Monitor and Evaluation Report concerning the trip's services.

Timeline of Events - GER to GER Pre-Departure Interviews, Monitor and Evaluation Investigation

- Upon arrival in Mongolia our local airport reception worker was concerned about Mr. Lok's condition as he arrived upset and seem to her as overly cold and unkind.
- 2. Its important to note that Mr. Simon Lok didn't pay for the Airport Transfer Service from the Airport to Ulaanbaatar.
- Upon GER to GER Office being informed of Mr. Lok's situation GER to GER had taken steps in our office to ensure Mr. Lok was warmly welcomed.
- 4. During GER to GER's mandatory client liabilities training workshop, GER to GER had officially informed Mr. Lok that the Bayan Olgii "Training the Eagle" program is out of season and during the summer locals are fearful of letting the eagle fly too long as it may not return. Though some still enjoy the cultural experience, even if eagle related activities are limited, other may not so GER to GER properly informs all travelers prior to departure of the current situation and provides all travelers an opportunity to 1) cancel the trip 2) change the trip to another activity in the region 3) change the trip to another activity in Mongolia. After proper consultation, Mr. Lok had voluntarily chosen to maintain the Training the Eagle Trip in good conscious to Bayan Olgii regardless of the official office warnings provided to him from GER to GER.
- 5. It was during this same liabilities workshop that the Founder had stated that GER to GER CAN NOT PROMISE the quality of the trip and CAN NOT GUARANTEE that it will be in accordance with the itinerary (online/offline). Regardless of these additional warnings Mr. Lok had

voluntarily chosen in good conscious to continue with the "Training the Eagle" trip to Bayan Olgii.

- 5.1. Owing to Mr. Lok's decision and conscious decision to engage in a legal contract with GER to GER - Mr. Lok assumes 100% of trip's liabilities which is confirmed by GER to GER's disclaimer contract with Mr. Lok which 100% releases GER to GER from all liabilities associated with the trip's quality; i.e. as clearly stated on the GER to GER Liabilities Disclaimer - WEATHER, etc.
- 5.2. Concerned about the quality of trip, the Founder of GER to GER had properly informed Mr. Lok that he would have to be more proactive then on other trips if he would like to have a higher quality experience in Bayan Olgii; example, if training the eagle doesn't happen as much as you desire then use the translator to interpret more and have discussions with Mr. Shairmot Ashaval about the Eagle, traditions, history, etc. Numerous methodologies were properly shared with Mr. Lok during the workshop to which Mr. Lok had noted and accepted.

Ms. Nurjan Baatarbek's Personal Comments - (The One Person who had constant communications with Mr. Lok)

"I have nothing, I don't understand why Mr. Lok was so upset after the trip during the trip he never showed any frustration nor anger; he was always laughing."

GER to GER Adminsitrative Conclusions

Numerous GER to GER office staff all have eye-witnessed experiences with Mr. Lok of both "ok" and "not so good" at different times during Mr. Simon Lok's stay in Mongolia. Regardless of personal impressions, factually Mr. Lok was officially informed that the trip would not be in accordance with the itinerary and GER to GER in accordance with our Disclaimer CANNOT ACCEPT ANY RESPONSIBILITIES. Despite consultations and recommendations to change the trip, etc., Mr. Lok at his own desire and will had chosen to continue with the Eagle Training Trip. The Founder of GER to GER taking into consideration all the liabilities explained the situation and even took extra attention to training Mr. Lok in additional cultural immersion methodologies to enrich the trip if the eagle activities are not enough owing to seasons and WEATHER, etc. In addition to this, we also officially informed Mr. Lok that it is not possible to promise the quality of experience nor the quality of the trip owing to eagle training season not starting till fall time; regardless, Mr. Lok stated he still desired to travel to Bayan Olgii.

During Mr. Lok's time in Bayan Olgii - GER to GER never received any emergency communications (no phone calls nor SMS messages) from Mr. Lok expressing his displeasure as directed he may do so by GER to GER's Founder. Mr. Shairmot Ashaval has horses and also a vehicle, within 20+/-kilometers from his location is the nearest communications point - if Mr. Lok was so unhappy with the situation then why didn't he communicate with GER to GER as directed? Mr. Lok was explained that he could use a local person's phone to type a text message and push the "send" to which the local would take it to the network area where it would automatically be sent; this never happened (20+/- kilometers is about 20 minutes by car).

After Mr. Lok's post-departure from Bayan Olgii he had returned to the GER to GER Office where the Founder kindly requested Mr. Lok to write

his complaint on a paper and submit it so that we may officially carry out a monitor and evaluation investigation; otherwise it could be misinterpreted by locals as "he said/she said" and/or corruption if the paperworks are not properly completed. After receiving the official complaint, Mr. Lok was informed numerous times during and after (in person and by emails) that when GER to GER completes its investigation we will inform Mr. Lok via an official Monitor and Evaluation Report. Regardless of GER to GER ethically informing Mr. Lok of GER to GER practices, Mr. Lok became aggressive, shouted and demanded in-person and via emails that GER to GER MUST decide in Mr. Lok's favor solely based his yelling and screaming at GER to GER staff members and even the Founder (4 person were present - 3 GER to GER and Mr. Lok).

The Founder of GER to GER requested Mr. Lok to "Maintain the Peace" while in the GER to GER Office, despite the Founder's efforts, Mr. Lok denied all kind requests to "Maintain the Peace". Mr. Lok continuously stood aggressively in-front of GER to GER's office staff screaming his demands while GER to GER staff were seated at their desks. GER to GER Founder tried to kindly explain to Mr. Lok to calm down but Mr. Lok refused all kind requests. Mr. Lok in addition to being extremely vulgar and aggressive also reeked of alcohol which was confirmed by two GER to GER staff.

Mr. Lok had intentionally "Lost The Peace" and publicly made threat in-front of witnesses, Mr. Lok had tried to exclaim that the Founder had lied about:

- I. The quality of the trip.
- 2. That the trip would happen in accordance with the itinerary.

I, Mr. Zanjan Fromer, the Founder of GER to GER Agency and Foundation made no such false promises, suggestions nor lies as stated above by Mr. Lok. In fact, professionally GER to GER had officially and properly informed Mr. Lok during the pre-trip workshop training (a few hours) of the current circumstances. Mr. Lok was also provided numerous opportunities to change/cancel his trip to western Mongolia - he declined the GER to GER's offers and decided to take full responsibility himself. Despite Mr. Lok's decision to continue with the Training the Eagle Trip, GER to GER shared methodologies and informed Mr. Simon Lok that he may contact us while he is in western Mongolia - Mr. Simon Lok never contacted GER to GER Office nor expressed any interest to communicate with GER to GER via the translator, Ms. Nurjan Baatarbek.

Solely based on the situational environment and his aggressive nature in our office (false accusations, desire not to maintain the peace, etc.) This document is officially being prepared for to protect GER to GER and Mr. Zanjan Fromer for any/all attempts of defraud and defamation that may initiated by Mr. Simon Lok and his network contacts (*explanation in the following paragraphs*). If at anytime, Mr. Simon Lok and his network contacts go online and/or offline with the intention to defraud, defame and social economically hurt Mr. Fromer and/or GER to GER, this document will be officially submitted to IC3.GOV and Interpol in accordance with their polices:

1. IC3.GOV (Monitor and Evaluation Report can be submitted online to USA Authorities as GER to GER maintains a USA 501c3 Status with its partner organization) - Intentional Online Defraud - GER to GER maintains all documentation.

2. Interpol (Monitor and Evaluation Report can be submitted in Mongolia and USA to carryout investigations in Mongolia and EU) - Combat organized social economic hate crimes and fraud as Mr. Lok publicly admitted via a threat, in-front of other witnesses in GER to GER office, that he is organized with both domestic and other internationals (i.e.:"other powerful government and business people") with the goal to organize identity-thievery, defamation and defraud of GER to GER and its staff.

When Mr. Lok was demanding that the GER to GER Founder to make an immediate decision based on his information without verifying details and facts - the Founder stated that is not possible as we must conduct an official monitor and evaluation investigation. Mr. Lok was extremely displeased and aggressive, Mr. Lok at this time threaten the Founder of GER to GER by stating the following in-front of several witnesses:

Mr. Lok's Threat: "Zanjan, you and GER to GER are a big joke in Mongolia! You don't know but me and others are all laughing at you all - you are making a BIG Mistake and you will regret this as I know many people in Mongolia and other locations that are big and powerful businesses and government people and we don't like you, we are going to destroy you."

Taking into consideration all the aforementioned "person-to-person" interviews as reported above, it has been clearly established that Mr. Simon Lok has ethics related issues. Owing to the experiences of numerous individuals, including my own as Founder of GER to GER, it is truly difficult to put any trust and faith into what Mr. Simon Lok reports as he has lied numerous times to several individuals without any sense of misconduct; even after being confirmed by several individuals that he had been drinking alcohol he still exclaims his lies in a shout "No I haven't! You lie!".

Regardless of Mr. Simon Lok's poor conduct at the GER to GER Office in Ulaanbaatar - what is truly importantly to note is that Mr. Simon Lok had numerous opportunities to make contact with GER to GER Office in Ulaanbaatar during his trip in Bayan Olgii via Mr. Shairmot Ashaval's mobile phone. As directed by the Founder of GER to GER, Mr. Lok could have kindly requested a mobile phone via the translator (the translator's or even Mr. Shairmot's mobile phone) to which he could have typed his message, push "send" and even send the Translator on the 20+/- kilometers jeep ride towards the mobile network via Mr. Shairmot Ashaval's vehicle if Mr. Lok wasn't inclined to make the journey himself; a 20-ish minute trip. At no time did Mr. Lok ever attempt to establish communications with GER to GER (as can be shown by all phone records) to highlight his displeasure and desire to change/cancel his trip as offered in the GER to GER Office by the Founder pre-trip departure. This highlights that Mr. Simon Lok is 100% liable for the trip and the outcome of his experiences - as Mr. Lok has had numerous opportunities to change/cancel his trip before and during his travel in a remotely located GER to GER community in western Mongolia.

I have concluded that Mr. Simon Lok has indeed attempted to unethically defraud GER to GER's rural community via aggressively engaging and threatening GER to GER Ulaanbaatar Office staff by intentionally destroying our "Office Peace" as a ransom-method for his unethical financial defraud activity. Mr. Simon Lok objective was to try to obtain an immediately reimbursement (defraud) of "more than the trip cost" via intimidation, threats and aggression in the GER to GER Office so that GER to GER Office would make an improper refund-payment without carrying out a

proper monitor and evaluation investigation; thus defrauding locals. Mr. Simon Lok aggressively used "fear and intimidation" as his main method to conduct his defraud activities so that GER to GER would loose public trust (building people, clients, etc.) owing to his shouting, yelling and defamation in a public office building.

Owing to all the aforementioned in this document, if Mr. Simon Lok attempts to further his online/offline defamation and defraud activities without legally confirmed evidence to support his activities/claims via himself and/or by his network contacts (organized crime) - I would like to kindly request an immediate criminal investigation into this matter. GER to GER's objective is only to protect the livelihoods of I 00s of nomadic families across Mongolia and Mr. Fromer from unlawful and unethical online and offline defamation, defraud and organized social economic hate crimes. Mr. Simon Lok has already openly stated in-front of witnesses (at the GER to GER Ulaanbaatar Office) that he is already apart of such a group that is organizing intentional efforts to social economically destroy Mr. Fromer and GER to GER which includes other domestic and international businesses and even high ranking government officials (domestic/international).

Lastly, I would like to kindly thank you for your attention to this matter and I will be available by email.

Respectfully,
Zanjan Fromer
Founder and CEO
